**Re: Stepping Up Precautionary Measures Against the Wuhan Coronavirus Infection**

To Parents, guardians and trainees:

1. To enhance protection of our academy's trainees and staff against the Wuhan coronavirus infection, Scholar Basketball Academy (SBA) will be implementing a Leave of Absence (LOA) for all trainees, coaches and staff, similar to what the Ministry Of Education (MOE) has implemented for students and staff returning from Mainland China. This will apply to all of our training centres. The LOA will be valid for a period of 14 days, starting from the day after arrival in Singapore. The LOA also applies to coaches and staff from SBA who return from Mainland China on 14 January 2020 or later.
2. SBA strongly advises trainees and their families to monitor their health and adopt good personal hygiene habits. Parents should seek immediate medical attention for their children if unwell, and ensure that their children recover fully before they return for training. All our training centres will also start pre-training temperature taking exercise from 31 January 2020 when they reopen, and will monitor trainees and staff for any signs of flu-like symptoms.
3. SBA will continue to work closely with schools and parents to keep them updated on the latest guidelines and protocols that we will implement to provide trainees a safe environment to train in.

Please do not hesitate to contact me for any further questions.
